HIS ROYAL HIGHNESS DUKE OF CONNAUGHT TO INSPECT C.O.T.C.

HIGHEST HONORS IN CANADIAN MILITARY CIRCLES TO BE PAID CORPS

MCGILL WILL HAVE A NEW ARMOURY IN NEAR FUTURE

Colonel, Hon. Sam. Hughes
Inspects C. O. T. C. and
Makes Above Announcement

The McGill C.O.T.C. was inspected yesterday by Colonel Hon. Sam. Hughes in the Royal Scots' Armoury in the presence of a distinguished gathering. Among those present were: Principal Peterson, Dean Adams and Majors English and Smart.

The Corps was brought to attention at 5.15 punctually. A minute later Colonel Hughes entered followed by his retinue. After a brief inspection of the equipment and turn out of the men, he addressed the Corps. He congratulated officers and men on forming the first detachment of the C.O.T.C., and thus setting an example of keenness and patriotism which would certainly be followed without delay by the other Universities of the Dominion. The thanks of all concerned were due to the Royal Scots for the use of their armoury, but a new and more convenient one would be built specially for the C.O.T.C. in the near future.

After his speech, Colonel Hughes watched a parade of the Corps with

PRINCIPAL PETERSON NOTIFIED YESTERDAY BY COLONEL LOWTHER

Inspection will Take Place
Next Wednesday at 5.30

The highest honor in Canadian Military Circles is to be bestowed on the C.O.T.C. Word was received yesterday that His Royal Highness, the Duke of Connaught, was desirous of inspecting the Corps. Dr. Peterson yesterday received a letter from Col. Lowther, Military Secretary to the Governor-General, requesting that the Corps prepare to be reviewed. He suggested that the time be next Wednesday at 5.30 p.m.

Needless to say, this hour was accepted and Col. Lowther has been informed that the University as well as the Corps appreciate the honor that is being paid them.

much interest. The men who had turned out exceedingly smartly for the occasion, performed the evolutions with excellent precision. The marching was smart and well timed and the covering off good. On the whole a most excellent display was given and the results obtained in so short a time demonstrate clearly the keenness and application of both officers and men. A few rifle exercises

THE TRIALS IN THE DIVING HELD YESTERDAY AFTERNOON PROVED VERY SATISFACTORY

All of the Men Performed Splendidly and some of the Best Diving done this year was Pulled off in the Trials

SWIMMING TRIALS WILL TAKE PLACE THIS AFTERNOON

Fast Times were Made Again Yesterday in the Swimming Practice by Hodgson and Others

The Swimmers are practising faithfully and everyone of them is working with every effort to make the coming trip a succession of victories of which McGill may be proud.

Yesterday afternoon at the M.A.A. A. tank the trials in the plunge and the diving were held, both these events showed that our team is one which is very capable of holding its own anywhere it may go.

Four men took part in the tests for the plunge. Patterson made the longest plunge of the afternoon in his second attempt. He travelled practically the whole length of the bath, going 59 feet.

This is a remarkable plunge and demonstrates clearly that McGill ought to be able to give the American Colleges a good run in this event. At the meet held the other day between the C.C.N.Y. and Pennsylvania the plunge was won by a

(Continued on page 4.)

BASKETBALL SQUAD DISPLAY FINE FORM IN PRACTICE GAME

Captain Calder Pleased with Team's Work and Believes that they Can Down Varsity

The basketball team had a fast practice last night against the Central Y.M.C.A. senior team. Calder, Baldwin, Duffield, Smith, Willisroft and Kennedy were the McGill men out.

The team is in fine condition and playing a fine game. Calder is unbeatable at centre, and Baldwin is as good as ever. As everyone has seen Baldwin play knows that that is enough said. Kennedy and Smith are two very fast men and play a good game. Willisroft handles the ball very well and is a fast man. Duffield is shooting well and playing a good all-round game.

On the whole Varsity will find the McGill team a hard one to beat. Captain "Tiny" Calder is very well satisfied with the team's showing and thinks McGill's prospects in Toronto are very bright.

Editorials

The C. O. T. C. is attracting an amount of attention which speaks highly for the manner in which the Corps is regarded by those in authority. That both the Governor General of Canada and the Minister of Militia should honor the Corps by an inspection is a significant fact. It shows that the establishing of such training corps is regarded as being of the first importance by those best fitted to judge.

The first step in a movement fraught with national significance has been taken by McGill University. That the Duke of Connaught should pay the University and the Officers Training Corps such an honor is a recognition of this. The O. T. C. are to be congratulated on the excellent exhibition given by them yesterday. Perpetuum Sit.

We publish to-day a letter criticizing the write-up in Tuesday's paper of "The Merry Countess," a musical comedy now being played at the Princess. Everybody has of course a right to his own opinion. The one expressed in the Daily was that of our two theatrical editors.

We do not make a custom of publishing anonymous letters but we are glad to do so in this case as it gives us a chance to point out to our correspondent the fact, which he does not seem to have perceived in the past, that our criticisms are straightforward and convey what the writers really think about the plays they attend. It may interest our readers to know that yesterday, one of the Professors in the Faculty of Arts, in speaking of dramatic criticism, informed a class in English, that the McGill Daily's theatrical criticisms were the best in the city. We have the same confidence in our representatives.

It gives us great pleasure to be able to inform our readers that the student subscriptions placed in our hands have swelled the total collected for the Swimming Team to one hundred and sixty dollars. We have not as yet received any subscription lists from two classes in Science, one in Arts, and five in Medicine. These together with one or two other outside lists should swell the total to the two hundred dollars required.

All lists must be closed and brought into the Daily office by six o'clock to-day as the money must be handed over to the manager of the Swimming Team to-morrow. Space will not permit our publishing the list of contribution and in addition to this our returns are not complete. It may interest our readers to know that the Daily purposes publishing full accounts of the Swimming Meets the morning after they take place. In addition to this we will publish an itemized list of the team's expenses after their return from the States.

Notice !

There will be a meeting of the McGill Canadian Club today at 5 p.m. in the Union which deserves the attendance of every McGill man who can possibly spare or "make" the time necessary to be present. Professor O. F. Skelton will speak on "Socialism on the Instalment Plan."

This meeting should throw considerable light on the recent controversy in our columns regarding Socialism. We would suggest that the Pro's and Anti's should ask Prof. Skelton regarding some of the statements made in the correspondence columns of the paper. It would be worth their while to hear what an authority would have to say on the subject. For instance, "Is Socialism anti-religious and anti-christian?" a question upon which our correspondents differed widely. Dr. Leacock will be in the chair.

Every member of the Swimming Team must be at the Y.M.C.A. bath at five sharp to-day, January 23rd. It is very important that everybody be on hand, as every person's time will be taken and the team be chosen from the showing made.

There will be a meeting of the Medical Undergraduate Society on Friday January 24th, in the Assembly Hall of the new Medical Building.

Short papers lasting about ten minutes each will be given by the following gentlemen of the final year:—Messrs. N. Brown, R. H. Malone, J. Grant, and E. C. Levine.

There will also be a case report and refreshments. Mr. Gullison, of Med. '16 will give a pianoforte solo.

The evening a thorough success. The Executive of the Hockey and Skating Club are to be congratulated on the energy they have shown this in inaugurating these parties.

INTER-CLASS GAMES TO START ON FRIDAY

The Following is the Schedule for the Coming Year

Arts '16 plays Arts '15 Friday Jan. 31—3 to 4.

Arts '14 plays Arts '13 Tuesday, Jan. 28—12 to 1.

SCIENCE UNDERGRAD WILL HOLD MEETING ON MONDAY EVENING

Famous Engineer to Give Illustrated Lecture on Interesting Subject

The first meeting of the Society since the holidays will be held in the Chemistry and Mining Building, on Monday, January 27th, at 8.00 p.m. Mr. T. K. Thomson of New York will deliver an illustrated lecture on "Foundations and Bridge Construction." Mr. Thomson is well known in Canadian engineering circles, and has been associated with many of the big undertakings in this line in New York, and his lecture on this important subject of engineering work promises to be of special interest. Refreshments will be served at the conclusion of the meeting.

THE SKATING PARTY HELD LAST NIGHT VERY SUCCESSFUL

The Weather Man was Kind and the Flood Excellent

The Skating Party and Dance held last night on the campus rink and in the Union, proved thoroughly successful. There were fully two hundred present and a most enjoyable evening was spent by all.

The skating ended at ten thirty, and then a supper was served in the McGill Union. The supper reflected great credit upon the abilities of the Union Catering department which is under the management of Mr. J. M. Shew.

After the supper the guests repaired up stairs where a most enjoyable dance was held. The orchestra was excellent; the floor superb; the guests in good spirits, and everyone voted

Notes and Comments

The Toronto vs. Queen's hockey game which was to have been played on Tuesday night was postponed on account of the bad state of the ice. The Intercollegiate Hockey schedule has now undergone several changes and all this uncertainty about the dates of the games is very confusing. It is extremely unfortunate that the weather man will not give us enough frost to even keep the ice in good condition.

Basil Frith, the star man on Varsity's Hockey Team is one of the best amateurs playing the game. The newspapers in the United States thought a great deal of his play and spoke very highly of the work of the whole team.

The forwards checked back continually in yesterday's practice and seem to realize that this is one of the ways in which they can reduce the effectiveness of their opponent's attack.

Both Draper and McLean can perform many difficult and thrilling stunts in the diving line. Both these men had no chance to practise all fall, as Draper was playing football and McLean was working in the Lower Provinces. They have been right at work lately however, and are now in very fair condition.

The McGill Hockey Team plays in Toronto on Saturday afternoon. This will be a rather unusual hour for the seniors to play a game at, as practically every senior game these days is held in the evening. Varsity have their hour at the Toronto Arena, starting at 2.30 p.m. The teams will be playing on artificial ice and consequently can be certain of having a good surface to play upon.

The Basketball Team leave for Toronto this evening and will rest up to-morrow morning and afternoon in Toronto to be in good shape for their game there to-morrow evening. The men who will go on the trip are Calder, Baldwin, Smith, Kennedy, Willis-croft, and Duffield. The team will travel C. P. R.

Patterson's plunge at the trials for the swimming team yesterday was a very remarkable one. For a time it looked as if he was going to touch the end of the bath. He was unfortunately enough to strain his neck rather badly and was only able to make two plunges instead of three attempts each man was allowed.

The Basketball game which takes place to-morrow night in Toronto between our team and the blue and white quintette is exciting a large amount of interest in Intercollegiate sporting circles. Last year our team won the championship by defeating Varsity in the last game of the season. It was a remarkable game Varsity leading at half-time but our men came back strong in the second half and won handily.

The students of the Colleges which the Swimming Team will visit are anxiously looking forward to seeing George Hodgson swim. The Olympic Champion is swimming in fine form at present and should easily maintain the wonderful records he has set in the past.

Both the Basketball and Hockey Teams will have a majority of last year's men playing for them up in Toronto; and as the new men on both teams are every bit as good as the old material both teams are confident of winning.

THE RED AND WHITE PUCK CHASERS LOOK TO BE IN FINE TRIM

Ramsay Rankin has Appendicitis and May be Out of Game for Some Time

The hockey squad indulged in another work-out yesterday afternoon in preparation for the game in Toronto on Saturday and although at times the hockey was a trifle ragged every man was going at top speed from beginning to end of the hour, the team apparently being in almost perfect condition. The forwards checked back well and in spots showed individual ability; but attempts at combination usually ended in failure, the pass often going astray or being intercepted by the opposing forwards who were always back with every rush.

However, this lack of team play may have been due to the absence of Ramsay Rankin and the consequent shake-up of the team which necessitated the playing of Grey on the defence. Rankin is laid up with an attack of appendicitis which if it does not require an operation will in all probability keep him out of the game for this week at least and will consequently weaken the team considerably. Although the presence of the mammoth captain will undoubtedly be missed on Saturday if he is prevented from taking part in the fracas, Grey and Hughes will probably be capable of looking after the Varsity forwards in the most approved manner. Both are fast and know how to check and if they can work together should be able to keep the Queen City speed artists at bay. The forwards with one or two exceptions are going well.

Sargent at left wing showed up brilliantly yesterday scoring several times on beautiful pieces of individual and combination work and uncorked a wonderful burst of speed. Wilson and Thomson in centre ice did well and although the latter in spots gave evidences of tiring, showed a disposition to bore in on the nets a habit which might well be emulated by others of the squad.

Green in goal is putting up a consistent game and looks to have the edge for the position. Cakie Smith and Forman were not out but there were two full teams on the ice notwithstanding. The squad will probably leave for Toronto to-night, ten or eleven men being carried and as the basketball team is also going a number of rooters have signified their intention of taking the trip.

Little Brother—What's etiquette.
Bigger Brother—It's saying "No, I thank you," when you want to "holler 'Gimme!'"—Judge.

THE BUNSEN BURNERS AGAIN THE OBJECT OF MYSTERIOUS ATTACK

The Slide Rule Slips are not Alone in the Field—Complications Arise

In spite of the determined challenge that was published in these columns, from the "Slide Rule Slips," the Bunsen Burners have been strangely quiet. We sincerely hope that this quietness does not invoke evil on their opponents, but strange things have happened before. When they do reply, something hot and heavy is expected.

New developments have arisen lately. The "Slide Rule Slips" are not alone on their side of the fence. Another mysterious organization has grown up, and their doings are veiled in darkness. Nothing can be learnt apart from the fact that the following letter that was left in the "Daily" office.

Strathcona Hall,
Jan. 22nd, 1913.

Editor, McGill Daily.

Dear Sir:—

The hockey team of the First Floor Strathcona Hall have organized for the coming season and are desirous of arranging games with any respectable seven. We have heard a great deal about the Bunsen Burners and we should like nothing better than to give them a sound trimming on any rink or any hour they should name.

E DOUGLAS ROBBINS,
Manager.

SPECIAL SEATS FOR COLLEGE MEN WHEN AMUNDSEN SPEAKS

Accommodation at Reduced Rates Set Aside for McGill Students

C. M. McFarlane, Secretary of the McGill University Conservatorium of Music, who has arranged for Capt. Amundsen to deliver his lecture in the city in Windsor Hall on Monday evening, February 24th, has placed a subscription list in the Union Building, and is making further arrangements to give McGill students a special set of seats in the middle section of Windsor Hall, which will allow the men to attend in a body, provided the number of subscribers at \$1.00 per ticket, is sufficient to justify the additional trouble and expense.

Great interest and enthusiasm is being aroused in the universities of the United States over the series of illustrated lectures being delivered by Capt. Roald Amundsen.

This is the heading of an interesting article in the Montreal Star of January 11th, explaining the causes of colds. One principal cause is improper clothing. "Warm Woolen material" is recommended. Jaeger Pure Woolen Underwear is made of the proper material and woven in the proper way to conserve the heat of the body and allow proper circulation of air. Jaeger Pure Wool Underwear is made in all weights and sizes.

Dr. JAEGER SANITARY
WOOLLEN C. SYSTEM
315 St. Catherine St. West, Montreal

The New York Times, Jan. 16th,
says in part:

Surrounded by 150 members of the Faculty and fellows of City College clad in academic gowns, Sir Ernest Shackleton, whose unsuccessful dash for the south pole won the applause of the entire world, paid a warm tribute to the energy and devotion of his successful rival, Capt. Amundsen, at a reception tendered to the great Norwegian explorer yesterday afternoon in the Great Hall of the institution. The reception was given by the pupils of the various high schools of the city, together with the students of City College, and more than 3,000 lusty-lunged boys testified to their admiration for the two intrepid navigators with a series of school and college yells.

The organized cheering appeared to amuse and interest Capt. Amundsen, who bobbed his head right and left in acknowledgement of the salutation. The tall, gaunt frame of the Norwegian, with his deep-set, piercing eyes, was a striking contrast to the boyish figure and youthful countenance of his British rival, but both bore themselves like trained athletes, and were visibly pleased with President Finley's characterization of them as "two thorough sportsmen."

Dr. Finley made the introductory address, and praised both Amundsen and Sir Ernest for what each had accomplished in giving to the world authentic knowledge of the great solitudes of the Antarctic region. He alluded to the mutual admiration and warm personal friendship existing between the men as the "best testimonial of the worth of each."

1913 YEAR MEETING.

To be held this afternoon at Strathcona Hall at 5 p.m. Room B. Election of Class Orator and Class Poet, etc., etc., and other important Business.

The Readers Club will hold their meeting to-night Thursday in the accustomed place. Papers will be read by Miss Mount, Mr. Mattheson, and Mr. Griffith.

C. E. Snow, Dartmouth, '12, has been elected Rhodes scholar from New Hampshire. Snow took an active part in student activities while in college, being Editor-in-Chief of the college paper and participating in four intercollegiate debates. He is at present a student at the Harvard Law School.

Can You Run a Mile?

It all DEPENDS on your condition—and HARD study and IRREGULAR exercise will soon put you out of SHAPE. By out of shape we mean torpid liver, sluggish blood, poor digestion and assimilation—the INEVITABLE results of a sedentary life. However, you CAN keep in GOOD CONDITION all the year round. How? Go down to MCGILL STORE ROOM and get a bottle of

That pleasant tasting, mildly laxative health salts which tones up the whole system, purifies the blood—a splendid corrective for little disorders of the liver and kidneys.

A Dose in the Morning will set you right for the Day.

LIFE OF CONFUCIUS BRIEFLY DESCRIBED AT Y.W.C.A. MEETING

Many other interesting things in Connection with Confucianism Treated

A most interesting meeting of the Y.W.C.A. was held in the Common Room on January 22nd. The meeting was addressed by the Rev. Mr. Hart, who spoke on Confucianism.

He first explained that a Chinaman could be interested in each of the three religions of his country, that is, that he could be a religious triangle.

The life of Confucius was then briefly described and the devotion of his followers dwelt upon. After his death his family was honoured. This is the only example of hereditary aristocracy in China.

Confucianism is really a social and political system rather than a religion. It does not treat of God, but its two great questions are: "What is my duty to the State?" and "What is my duty to my neighbors?" The three results of Confucianism are emphasis on filial piety, the degradation of women, and the conservatism of the Chinese nation.

The first leads to ancestral worship and is closely related to the third, while the second is the greatest blot on this doctrine. A woman in China is not supposed to have either a mind or a soul, and is regarded as part of the goods and the chattels of her household.

Mr. Hart then dwelt on the transformation which has taken place in the last ten years in China. This he attributes to the spread of the Gospel in that country.

Every one present was very much interested and found the talk all too short. A vote of thanks was tendered to Mr. Hart.

THE TRIALS IN THE DIVING

(Continued from page 1).

Pennsylvania man who did 65 feet, 6 feet further than Patterson was able to do in a test; but when our big swimmer exerts his utmost as he will be bound to do in a meet, he should be able to equal the best that the swimmers across the line can do.

Patterson injured his neck slightly but will be all right again before Saturday, when the team meet Pennsylvania. Hodgson who came second in the plunge did 54 feet 9 inches. Stavert and Trapp were the other two men in this event and both their distance fall somewhat short of the marks set by Patterson and Hodgson.

The trials for the diving were also held. Five men took part in this competition. Draper the winner was adjudged, but was very closely followed by McLean. These two men were very good. Thom was the third and B. Smith and D. Williamson were the last two. The men had to do four compulsory dives and three voluntary. Draper was by far the best on the compulsory ones but McLean had the edge on him when it came to the voluntary dives. The diving of the team is really remarkable and the fancy dives and tricks which the different members pull off are well worth watching.

The three men who judged the diving are, Mr. Goulden, Major Long, and James Rose among the best authorities in the country on this sports.

TAKES EXCEPTION TO CRITICISM OF MERRY COUNTESS

Lauds The Company And Show and Disagrees with Daily

Montreal, Jan. 22, 1913.

Editor of McGill Daily,

Dear Sir:

I was greatly surprised in reading the criticism in to-day's Daily of the "Merry Countess" now playing at the Princess. I think in all fairness to the manager that when we are given the pleasure of seeing such a fine opera produced with such a capable company and everything one could wish for in the way of costumes, scenery and also good, wholesome fun that our student paper should make some effort to get the college support. But to read the criticism one would think this was some burlesque show. I am sure all who saw last night's performance will agree with me that it was one of the most enjoyable operas ever seen in Montreal. Hoping you may find space for this in your valuable paper, I remain

Yours sincerely,
"FAIR PLAY".

BASKETBALL

The following men are requested to be at the Windsor Station at 9.45 p.m. sharp to go to Toronto with the Basketball team: Calder, Baldwin, Smith, Kennedy, Willisroft and Duffield.

UNDERGRADUATES' ORCHESTRA.

There will be a full practice of the Undergraduates Orchestra this evening at 7:30 sharp in Strathcona Hall. As first concert is on Feb. 22nd, a full attendance is requested.

MR. FITZGERALD SPOKE OF READING CAMPS

He is the Superintendent of Camp Education

On Tuesday afternoon a group of men that was all too small heard Mr. Fitzgerald tell the stories of the Reading Camps that are being established throughout Canada. Mr. Fitzgerald was well fitted for the task, for he was one of the prime movers of the scheme, and is now Superintendent of Camp Education.

The object of the work, which has for patron the Duke of Connaught, is to establish camps wherever men are working away from civilization, to raise their standard of life. That these camps are accomplishing this; and that their work is being appreciated is well instanced in one fact that Mr. Fitzgerald cited. The first year the camps were established the Ontario Government contributed \$100. Last year they gave \$1,750.00 in cash and \$200.00 worth of supplies.

The plan of the work is something that is quite different from the accepted form of religious endeavour. It is an adoption which strives to meet modern needs and conditions, and every report attests of the success with which these efforts are meeting.

The central idea is educational. The religion is in most cases shown, and shown ably, in the lives of the instructors.

These men who carry on the actual work of instruction spend their time working alongside of the foreigners in construction camps, etc. They have under their care tents in which are magazines and books and they help the workers to spend pleasant and sober evenings.

McGill has had one representative in this work, Mr. Stanley Kneland, of Arts '10, and Mr. Fitzgerald hoped that some similar men would be forthcoming.

In the meantime the work is in need of money. A sum of \$50. has been asked for from McGill. A subscription list has been opened at the Hall, and information will gladly be given.

thorities in the country on this sports.

The Swimming Team will not be chosen until Friday as there are many points to be taken into consideration. The trials for the swimming will be held this afternoon at the Y. M.C.A. tank at five sharp and every member of the swimming must be on hand for these tests.

Yesterday afternoon Hodgson swam sixty yards in 31 1-5 secs., doing the forty in 20 2-5 secs. McGill and Draper raced sixty yards, McGill winning by inches, his time was 33 1-5- secs.

"Soap deferred maketh the dust thick."

Write Ideas for Moving Picture Plays!

YOU Can Write Photo Plays and Earn \$25 or More Weekly
WE WILL SHOW YOU HOW!

If you have ideas—if you can think—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted. The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

We have received many letters from the film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25 a low figure.

YOU WILL EARN \$100 MONTHLY FOR SPARE TIME WORK

FREE SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE COPY OF OUR ILLUSTRATED BOOK, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't argue. Write now and learn just what this new profession may mean for you and your future.

NATIONAL AUTHORS' INSTITUTE

**R970-1543 Broadway
NEW YORK CITY**

THE LIBERAL PARTY WILL BE ADDRESSED BY FAMOUS SPEAKERS

Hon. W. L. MacKenzie King and M. McMaster will Speak--Meeting will be Open to Public

Political activity at McGill is to be rewarded with a visit from one of the most brilliant politicians in Canada. This visit will take the form of a public meeting to be held on Friday in Strathcona Hall. The speakers are to be the Hon. Wm. Lyon, MacKenzie King, and A. R. McMaster, K.C. Mr. McMaster is a Montreal lawyer, and a graduate of McGill. He is well known to McGill men and needs no introduction.

But Mr. King's name is probably more familiar to the mass of McGill students. He was one of the leading members of the late Laurier Cabinet and has achieved much of which to be proud. That Mr. King should make the trip from Ottawa to Montreal to address a McGill audience is a fact of which McGill may feel proud.

The Hon. Mr. King is a graduate of Toronto and Harvard Universities, from which latter he received the degree of Ph.D. On leaving Harvard he entered the Civil Service and was soon made Deputy Minister of Labor. He left the Civil Service for political life, contested a seat, was successful and soon became Minister of Labor. He is the father of the famous Lemieux Act which is now the model for the remainder of the work.

Mr. King will speak on Friday on the Borden Naval Policy, and current political issues.

The hour of the meeting is five o'clock sharp, and a large crowd is looked for.

MCGILL WILL HAVE

Continued from Page 1
concluded the inspection. Colonel Hughes then left, having seen a parade which must have left no doubt in his mind as to the success of the C.O.T.C., to the formation of which he has devoted so much of his time and interest.

All concerned are to be congratulated on the excellent work done. If the C.O.T.C. receives the measure of support due to it, it will be an effective aid to the forces of the Empire. In England there are some 25,000 members of the O.T.C., and of these a great number join other forces of the Crown at a later date. If the S.O.T.C. becomes a proportionately large body, it will fulfil a most valuable Imperial duty. In this McGill is setting an excellent example to the other universities and institutions of the Dominion.

ANNOUNCEMENTS

C.O.T.C.

All members of the C.O.T.C. who have tunics without shoulder straps sewn on (N.C.O.'s included) will hand them to Adj. McKergow, Room 66, Engineering Bldg., sometime today. The straps will be sewed on and the tunics returned either on Saturday or Monday.

A great coat, a tunic, a pair of breeches and two caps are short from the Supplies. Members having same will hand them in today also.

Of the bayonets issued before Christmas there are still some left which have not yet been returned.

Phone Uptown 330

Dear Sir or Madam:—

Handling enormous quantities of Fresh Cut Flowers daily I am in a position to take on a limited number of steady customers to whom we will deliver twice every week, a CHOICE BOX of FRESH CUT FLOWERS, (my selection) meaning whatever I have a surplus of—including the greens that are necessary to make a bouquet tasty, to any address in the city for \$1.50 per week. A trial order of a week or two will convince you of this special inducement. Flowers will be delivered at any time twice a week. The cheapest place in town to buy Cut Flowers, Floral Designs, etc. Think of it, for \$1.50 per week two boxes of fresh cut flowers—consisting of the Season's newest and freshest flowers—Roses, Violets, Bulbous and other flowers, Carnations, Orchids, etc.
